LETTER FROM THE EXECUTIVE DIRECTOR

Dear Friends of the Life Center,

As I begin my twelfth year as Executive Director, I would like to express my joy and gratitude for our fantastic 50th Anniversary year! 2022 surpassed our hopes and dreams. We held several celebratory events with an overwhelming show of support from the community. We are grateful to all who participated as volunteers as well as guests.

Our 50th Anniversary Gala, *'Ready to Do More'*, sold out for the first time with 750 volunteers and guests in attendance, raising a record total of \$450,000.

This outpouring of donor support has allowed us to expand our programs, adding an educational scholarship program, a benevolent fund, online advertising and more.

Another exciting announcement is our newly purchased, customized, State-of-the-Art Mobile Medical Clinic has arrived! We look forward to getting it on the road helping even more pregnant women.

What an exceptional year! We are grateful to all who made it so memorable. It was a wonderful tribute to all who went before us, making the Sacramento Life Center the great organization it is today.

Please read more about our fabulous year and the women we serve in this annual report. We hope you will feel led to support our Annual Fund, as we move forward into the next 50 years.

With gratitude,

Marie Leatherby
Executive Director

Join us for the event of the year! Our Annual Gala & Auction is on November 11, at the Hyatt Regency Sacramento. With Live and Silent Auctions, amazing Raffle Packages, touching presentations honoring both donors and patients there is so much fun to be had by all!

It is with gratitude that we look on our

NEW 3D/4D ULTRASOUND MACHINE

Thanks to the Knights of Columbus, Chapter 6066 and the 4US Organization, we received a new 3D/4D ultrasound machine. We were fortunate to have Bishop Jaime Soto attend the appreciation luncheon and bless this life-saving equipment.

CAPITAL CAMPAIGN IS COMPLETE

We paid off our Mortgage ending our 5-year Building Capital Campaign! With our \$1,000,000 campaign finalized and our mortgage paid off, we are thrilled that the dollars saved each month can go directly into programs and services for our patients.

NEW MOBILE MEDICAL CLINIC

Our new, customized Mobile Medical Clinic has arrived! We are thrilled to hire and train new staff, customize the wrap, purchase a new portable ultrasound machine, and begin to offer free services to women in underserved areas in the community. Thank you to all who helped us raise the \$220,000 to make this new dream possible. We will be announcing our ribbon cutting event soon!

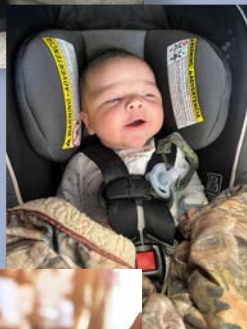

OUR SCHOLARSHIP FUND IS HELPING MOMS

We established The Connie Koppes and Pam Anderson Scholarship Fund awarding scholarships to deserving moms. No longer will our pregnant patients believe that their education and career goals are unreachable. This fund was seeded by the Rich and Connie Koppes and the Anderson family. Named after Connie, a founding board member and supporter, and Pam, a longtime volunteer who sadly passed away last year, this has been a dream of the Sacramento Life Center staff for a long time. So far, our scholarship program has helped one mom obtain her GED, another with medical assistance training, one mom began ultrasound tech training, and another continues with nursing school. We look forward to helping even more moms in 2023 obtain their dreams and be able to live life more abundantly!

many blessings & accomplishments in 2022!

EMERGENCY FUNDING FOR BASIC NEEDS

Our new Benevolent Fund Program helped many of our patients with emergency funding in 2022. With the cost of living constantly increasing, our moms are finding it difficult to make ends meet. With this new program we have been able to help them with rental assistance, food, gas, and utilities, in addition to ongoing baby supplies. Seventy-four percent of pregnancy terminations are due to financial stress. This fund is relieving that stress and helping our moms decide for life!

PARENT EDUCATION ONLINE CLASSES ARE GROWING

We expanded our Parent Education Program! Over 500 parenting classes have been taken in our new on-line *BrightCourse* educational program. Thirty-five women have taken enough classes to receive a car seat or stroller, just in time for new baby to arrive. With these classes they are better prepared to take on their new parenting role.

NEW MARKETING TO HELP WOMEN FIND US ONLINE

We started an online advertising campaign. Due to the censoring of pregnancy help by big tech companies like Google, Yelp and Facebook, this new advertising program has helped us maintain and even increase our patient numbers. It is so important that women know there is a safe place to go, to look carefully at ALL their options, and to find hope, compassion, and care for their personal situation.

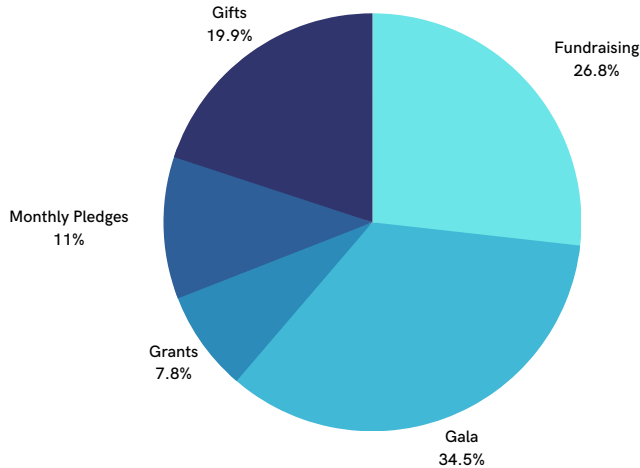

DIGNITY HEALTH GRANT HELPS US COLLABORATE

We are excited to receive a 2023 Dignity Health Community Grant with partners WellSpace Health and Women's Empowerment. With this collaboration we can offer additional hope to pregnant women who come to us; especially those without insurance or a doctor's care, are unemployed and may be suffering from homelessness, domestic violence, or drug abuse. Thank you Dignity Health!

A Legacy that lasts *Forever*

For many of us, there is a compelling need to make a difference - to leave a lasting impact on the people most dear to us and the world in which we live.

You already make a difference for our mission. What if you could continue making a difference in the future.

A bequest or an endowment is perhaps the easiest and most tangible way to have a lasting impact on the people and organizations that mean the most to you. What kind of legacy will you leave?

Recognizing the Uniqueness of Every Human Life

Leaving a LEGACY OF LIFE

When you make a gift to the Sacramento Life Center through your estate plan, you are ensuring we can continue to embrace lives, one pregnancy at a time, for generations to come. Learn more about our Legacy of Life Society at SacLifeLegacy.com. Help the Sacramento Life Center THRIVE in the future!

Meet TONY AND MARY TRAVIS, LEGACY OF LIFE SOCIETY MEMBERS

Mary and Tony Travis became Legacy of Life Society members in appreciation of the tremendous support that the Life Center provides to families in need in our community. In 1990, Mary was a client and was counseled weekly for months during her pregnancy. While she was determined to keep her son, the Life Center provided a comforting environment and essential resources that enabled her to succeed as a young mother. Thirty years later, she became an employee and today, she serves as a Board member; eternally grateful for the love and guidance she received in her time of need.

Mary and Tony attend the annual Gala and continue to support the Life Center in its mission to assist families in unplanned pregnancies and promote the blossoming of new life. In the end, their Legacy gift will be an example to their children to promote the same ideals that the Sacramento Life Center stands for today. The Travises hope that their donation will aid young families in need for years to come.

THANK YOU, TONY AND MARY, for your support and generosity.
